EDUCATION

Maynooth University

Bachelor of Science in Computer Science & Software Engineering

Maynooth, Co. Kildare, Ireland

Expected May 2028

- **Second Year Result:** Second Class Honours, Grade 1 (2.1)
- **Relevant Coursework:** Data Structures & Algorithms, Software Engineering, Database Systems, Web Development, Computer Systems, Theory of Computation
- **Recognition:** Platinum MUSE Awardee (2026) | SiSTEM UK *Pretty Smart* Feature (2026) | Workday FFIT Participant (2026)

TECHNICAL SKILLS

Languages: Java, JavaScript, TypeScript, SQL, HTML, CSS

Web & Mobile: React, React Native, Node.js, Express.js, REST APIs, Expo

Databases & Tools: PostgreSQL, MongoDB, SQLite, Git, GitHub, Postman, VS Code, Eclipse

Engineering: Agile/Scrum, Debugging, System Testing, UML, CRUD, MVC, MVVM

PROJECTS

Full-Stack Music Library | *JavaScript, Node.js, Express.js, REST API, SQLite*

2026

- Developed a full-stack music management app with a JavaScript frontend, Express REST API, and SQLite database supporting CRUD operations for artists, albums, and songs.
- Designed relational data models with foreign-key relationships and connected frontend features to backend endpoints using Fetch requests.

AI Accessibility Solution – Google 48-Hour Hackathon | *JavaScript, OCR, NLP*

2025

- Collaborated in a 48-hour hackathon to prototype an accessibility solution using OCR and object detection to generate spoken descriptions for visually impaired users.
- Contributed to implementation, debugging, testing, and presentation of the prototype under a tight deadline.

Recipe Hub Mobile Application | *TypeScript, React Native, Expo*

2026

- Worked on reusable recipe card components and screen layouts using props and TypeScript to display recipe information consistently.
- Helped implement and test screen navigation and local persistence using Expo and AsyncStorage, while debugging component behaviour and app flow.

EXPERIENCE

Lab Demonstrator – Introduction to Programming

Sep. 2026 – Present

Maynooth University

- Support 90+ undergraduate students in programming labs, troubleshooting code and guiding students through syntax, logic, and implementation errors.

Women & Girls in STEM Facilitator

Feb. 2026 – Present

Maynooth University

- Deliver coding workshops to 50+ students, introducing HTML, CSS, and computational thinking through hands-on activities.

Computer Science Summer Camp Demonstrator

Jun. 2026 – Jul. 2026

Maynooth University

- Delivered coding and UI/UX workshops to 90+ students, supporting programming, debugging, and problem-solving activities.

Computer Science Centre Tutor

Feb. 2026 – May 2026

Maynooth University

- Mentored students in Java, algorithms, debugging, and software engineering; reviewed code and identified logic errors.

LEADERSHIP & ACTIVITIES

Student Ambassador

Sep. 2026 – Present

Maynooth University

- Represent the university at student events and outreach activities, supporting prospective students and university initiatives.

Vice President, Women in STEM Society

Oct. 2025 – Jun. 2026

Maynooth University

- Co-led a 180+ member society and coordinated 15 technical, industry, networking, and professional-development events.
